MADE IN THE NETHERLANDS

YSSEL STURGEON

YSSEL STURGEON

Introducing the YSSEL STURGEON, an innovative Dutch high-power air rifle. Specifically designed for the discerning shooter who demands nothing but the best. Designed and produced in the Netherlands, the YSSEL STURGEON guarantees outstanding quality and extreme precision.

Each YSSEL STURGEON can be supplied with various stocks, each offering its own adjustment options and style elements. All components feature a durable, corrosion-resistant coating for perfect protection. Moving parts such as the trigger group and bolt are polished and coated with a hard, ultra-smooth finish to reduce friction and ensure optimal performance.
